

We are pleased to announce that Brendo and Rhianon will be driving for the Mazda Motorsport Team in the new Targa Championship.

The Targa Championship will consist of Targa High Country in November, Targa Wrest Point in January and Targa Tasmania in April. Brendo and Rhianon will compete in all three events with the backing of Mazda Motorsport in a Mazda 3MPS.

The Targa Championship now only allows 2WD vehicles to enter the Showroom Class and Brendo is hoping his previous experience in the car will help him to secure an excellent result.

This weekend they will head to Mt Buller in Victoria to do their reconnaissance for the upcoming Targa High Country.

Brendan said “When writing our notes this weekend it will be critical to get every detail as this is a brand new event with stages never rallied on before. There is a mix of 15 stages in and around Mansfield, with the spectacular Mt Buller road being used up and down for the first time”.

Brendo and Rhianon have a busy month ahead with recce for Targa High Country this weekend, then heading off to Spain to compete in the Pirelli Star Driver Shootout, held at a round of the World Rally Championship and finally returning home to tackle Targa High Country from November 5-7.
