

Brendan and Rhianon are looking forward to the inaugural Targa High Country rally which gets underway in Mansfield, Victoria, tomorrow. Targa High Country is the first round of the newly-formed Targa Championship, a three-event tarmac rally series, and the pair are competing in the event for Mazda Motorsport.

After checking their reconnaissance notes again this week, Brendan and Rhianon today completed their documentation and had the Mazda 3 MPS scrutineered ahead of tomorrow's start. They are now preparing for the event's opening stage, a street stage around Mansfield, which kicks off on Friday at 5.00pm.

"I'm really excited to be driving for Mazda again in the Mazda 3 MPS," Brendan said. "Targa High Country is going to be a great event with the selection of roads being so fast on Saturday and more technical on Sunday. Rhianon and I have written some really strong notes and can't wait for the event to start."
