

The bonnet from Brendan's Subaru WRX in which he contested Rally Australia was auctioned off at the Rally after-party on Sunday night, raising \$750 for the young Aussie to put towards his rally program.

The livery of the Subaru attracted plenty of attention at the World Rally Championship event and Rally Australia organisers offered Brendan and Rhianon the opportunity to auction off their bonnet.

The funds raised will come in very handy for the pair's campaign at the final two rounds of the 2011 WRC Academy.
